☐ PROTEST ☐ APPROVE

MR. MORRISON IS OPPOSED TO THE PLANNING COMMISSION ALWAYS DEVIATING FROM WHAT THE LAND IS  
ORIGINALLY MASTERPLANNED FOR. MORE APARTMENT ON THE AREA WOULD LOWER PROPERTY VALUE AND  
INCREASE CRIME RATE. THEY ALREADY HAVE ENOUGH W/HABITAT FOR HUMANITY AND THE TIFFANY APTS. HE DOES NOT

P

PETITION **AGAINST** PROPOSED AMENDMENT TO THE  
CITY OF LAS VEGAS GENERAL PLAN

We, the below-signed property owners and residents of single-family residential dwellings located in the immediate area affected by the proposed amendment to the General Plan of the City of Las Vegas, are **OPPOSED** to any land-use change from the existing low density residential to medium-density residential for the purpose of allowing new construction of an apartment development on the southwest corner of Cory and Upland (parcels 138-36-406-002 and 138-36-406-003). This type of non-conforming development would have a significant negative impact not only on the single family residential character of our neighborhood, but a negative impact on existing home values, and a dramatic negative impact on the neighborhood traffic flow. We urge the City of Las Vegas Planning Commission to consider our neighborhood interests and concerns as being paramount when making final recommendations on this request.

PETITION **AGAINST** PROPOSED AMENDMENT TO THE  
CITY OF LAS VEGAS GENERAL PLAN

We, the below-signed property owners and residents of single-family residential dwellings located in the immediate area affected by the proposed amendment to the General Plan of the City of Las Vegas, are **OPPOSED** to any land-use change from the existing low density residential to medium density residential for the purpose of allowing new construction of an apartment development on the southwest corner of Cory and Upland (parcels 138-36-406-002 and 138-36-406-003). This type of non-conforming development would have a significant negative impact not only on the single family residential character of our neighborhood, but a negative impact on existing home values, and a dramatic negative impact on the neighborhood traffic flow. We urge the City of Las Vegas Planning Commission to consider our neighborhood interests and concerns as being paramount when making final recommendations on this request.

PETITION **AGAINST** PROPOSED AMENDMENT TO THE  
CITY OF LAS VEGAS GENERAL PLAN

We, the below-signed property owners and residents of single-family residential dwellings located in the immediate area affected by the proposed amendment to the General Plan of the City of Las Vegas, are **OPPOSED** to any land-use change from the existing low density residential to medium density residential for the purpose of allowing new construction of an apartment development on the southwest corner of Cory and Upland (parcels 138-36-406-002 and 138-36-406-003). This type of non-conforming development would have a significant negative impact not only on the single family residential character of our neighborhood, but a negative impact on existing home values, and a dramatic negative impact on the neighborhood traffic flow. We urge the City of Las Vegas Planning Commission to consider our neighborhood interests and concerns as being paramount when making final recommendations on this request.

LOCAL BUSINESS OWNERS PETITION  
AGAINST PROPOSED AMENDMENT TO THE  
CITY OF LAS VEGAS GENERAL PLAN  
GPA-13894

We, the undersigned businesses located in the immediate area affected by the proposed amendment to the General Plan of the City of Las Vegas, are **OPPOSED** to any land use change from the existing "low" density residential to "medium" density residential for the purpose of allowing new construction of an apartment development on the southwest corner of Cory Place and Upland Boulevard (parcels 138-36-406-002 and 003). This type of non-conforming development would have a significant negative impact not only on the single-family residential character of our neighborhood, but a dramatic negative impact on the neighborhood traffic flow and parking availability for our customers. Our businesses would also suffer an increase in criminal activities such as vandalism, loitering, theft, etc. caused by too many additional people moving into a small neighborhood already lacking in recreational options. (Note: The small nearby park does not offer relief -- it is limited to Little League baseball fields and causes traffic flow and parking problems inofitself.)

PETITION **AGAINST** PROPOSED AMENDMENT TO THE  
CITY OF LAS VEGAS GENERAL PLAN

We, the below-signed property owners and residents of single-family residential dwellings located in the immediate area affected by the proposed amendment to the General Plan of the City of Las Vegas, are **OPPOSED** to any land-use change from the existing low density residential to medium density residential for the purpose of allowing new construction of an apartment development on the southwest corner of Cory and Upland (parcels 138-36-406-002 and 138-36-406-003). This type of non-conforming development would have a significant negative impact not only on the single family residential character of our neighborhood, but a negative impact on existing home values, and a dramatic negative impact on the neighborhood traffic flow. We urge the City of Las Vegas Planning Commission to consider our neighborhood interests and concerns as being paramount when making final recommendations on this request.

RE: ZON- 13898, VAR-14441, SDR-13901, GPA-13894

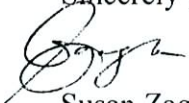

To Whom It May Concern:,

I recently received a notice of public hearing regarding the above items.

As the owner of the retail center, El Jardin Plaza located on the corner of Upland and W. Charleston Blvd. (5704-5740), I am strongly opposed to the construction of an apartment building directly behind my center. This would create issues due to the density of so many people in such a limited area such as: parking, loitering, skateboarding, graffiti, and so forth. The businesses at El Jardin are "Ma and Pa" owned and operated and are accustomed to low volume of people and light foot traffic in the complex. They would be negatively impacted and might be forced to relocate at the very time that my property taxes have been rising annually. This would have an extreme negative financial effect on me. Many of my tenants have already expressed concerns about this project hurting their businesses.

Thank you for your consideration.

Sincerely yours,

Susan Zager, Owner  
Z El Jardin Plaza, LLC
